Medical PM™

YANKAUER SUPPORT

**You don't know where to place your Yankauer during cases?
Contamination occurs when it falls on the floor?
The suction tube is in your way?**

By using our Yankauer Support you will:

- Prevent contamination
- Benefit from a fix and safe location, easily accessible
- Avoid accidents due to the tube lying on the floor
- Increase efficiency and cleaning in the OR
- Use the rail already installed on your Service Head (Fairfield or European)

SINGLE METAL CLIP

Our single metal clip comes with a push button located on the left (can also be installed on the right hand side). It fits with Fairfield or European rails.
